

28 DEC 1982

MEMORANDUM FOR: Chief, Logistics Services Division, OL

FROM: Bruce T. Johnson
Chairman, Fine Arts Commission

SUBJECT: Paving Repairs

The recently completed repair to the paving near the front entrance has been a major disappointment to me and the members of the Fine Arts Commission (FAC). We thought we had been assured that the repair would be accomplished with careful attention to the need to match the color of the existing paving, but the newly-installed sections are so different in color as to suggest total inattention to this matter by the contractors. If indeed the responsibility to match colors was written into the contract, there is clear and inescapable evidence of non-compliance. I would fail in my responsibility as Chairman of the FAC if I did not register my strong dissatisfaction with the quality of the repair work and the way in which it detracts from the appearance of the front entrance to our building.
